Sir:

RESPONSE TO ELECTION REQUIREMENT UNDER 35 U.S.C. § 1.21

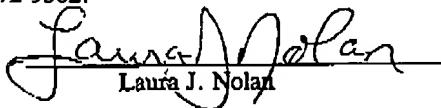

In the Office Action of June 11, 2002, the Examiner stated that the application contains claims directed to the following patentably distinct species: 1) two layer core and a multi-layer cover; 2) three layer core and a multi-layer cover; and 3) two layer core, a thread layer, and a multi-layer cover. The Examiner further stated that election of a single species is required, and claims 28, 62 and 90 appear to be generic

In response to the Election Requirement, Applicants elect embodiment 1, drawn to a two layer core and a multi-layer cover, with traverse. Applicants respectfully submit that all claims can effectively be searched at the same time as all claims relate to a golf ball having a multi-layer core and a multi-layer cover.

Claims 28 to 43, 45 to 53, 62 to 80, 90 to 111 and 113 to 115 are directed to the elected species. Claims 44, 81 and 112 are directed to Species 2, and claims 54 to 61, 82 to 89 and 116 to 123 are directed to Species 3.
